POWER^{OF}ONE **sigma**
group

Delta Health and Safety Equipment
is a proud member of Sigma Group

DELTA HEALTH AND SAFETY EQUIPMENT was established in 1994 and operates with a focused team. After more than 30 years of distributing PPE, we are proud to supply you with the best quality, newest resources and highly technical and trained sales staff. Our mission is to supply the most appropriate level of protection for the job. We strive to always source the best price and are committed to fair business practice.

When you procure PPE, you want the best value.

When you specify PPE, you need assurance that you are protecting lives and increasing productivity.

When you use PPE, you need to be fully protected.

**We aim to find workable solutions for you
using a detailed and technical approach.**

**Our range of PPE is sourced from
carefully selected suppliers who understand
the need for quality and high performance products.**

No matter where you are in South Africa, our nationwide network of delivery and courier partners is available to you. We are located in Kempton Park, and supply to all provinces in South Africa with options to suit your needs and budget.

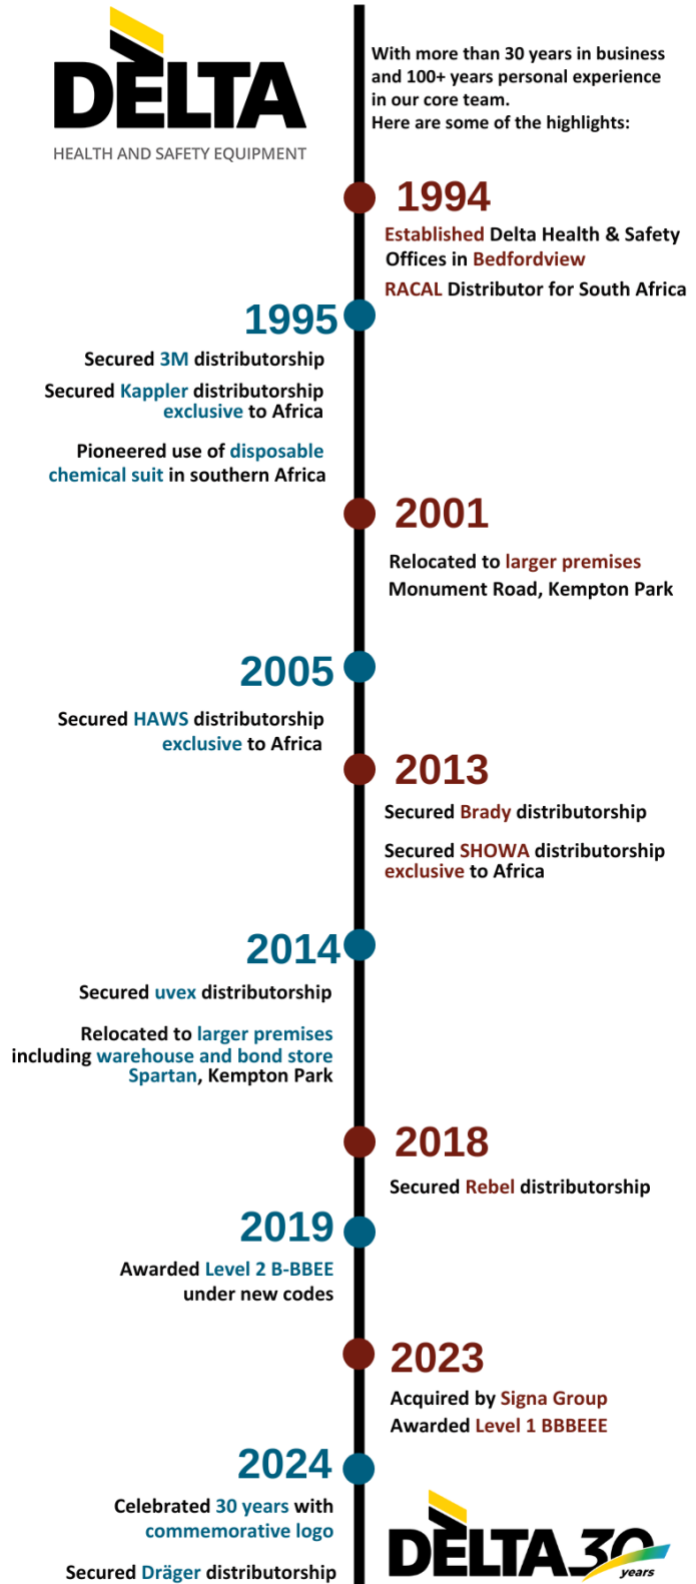

Our team is ready and able to help you get your PPE needs met. Visit our showroom where some of our PPE products are available for viewing and fitting. Or call us to discuss your needs.

Delta Health and Safety Equipment was established in 1994 to supply the Southern Africa market with Personal Protective Equipment (PPE).

We pioneered the use of the disposable chemical suit in Southern Africa and this range is still core to our existence.

Over the years we have secured distributorships with the leading safety equipment manufacturers.

A brief history of

Our Team

Delta Health and Safety is a strong team that has been working together for many years. Established in 1994, Delta is as old as our new South Africa.

We are a proud member of the Signa Group (signa.co.za). Signa Group is committed to growing Delta Health and Safety and is actively involved in providing support and expertise, allowing us to focus on providing specialist products to our customers.

Delta's core team has a combined history in PPE of over 100 years. Many of the people we deal with, say that we have a stable, warm, family-style company culture.

Our team is skilled and trained to assist with your work place safety product needs. No matter your PPE needs, from understanding specifications, to usage best practices and reselling, Delta will assist you.

Delta Health and Safety Equipment is **100% Black Owned + 74% Black Women Owned**. This means: 135% Preferential Procurement Level 1 is boosted by 120% = **162% Preferential Procurement Level**.

162% Preferential Procurement Level - What does this mean

Category & Criteria: Preferential Procurement	Weighting	Target	
2.1.1. B-BBEE Procurement Spend from all Empowering Suppliers based on the B-BBEE Procurement Recognition levels as a percentage of Total Measured Procurement Spend	5	80%	R100 spend = R162 to procurement target
2.1.2. B-BBEE Procurement Spend from all Empowering Suppliers that are Qualifying Small Enterprises based on the B-BBEE Procurement Recognition levels as a percentage of Total Measured Procurement Spend	3	15%	
2.1.3. B-BBEE Procurement Spend from all Exempt Micro Enterprises based on the B-BBEE Procurement Recognition levels as a percentage of Total Measured Procurement Spend	4	15%	
2.1.4. B-BBEE Procurement Spend from all Empowering Suppliers that are at least 51% black-owned based on the B-BBEE Procurement Recognition levels as a percentage of Total Measured Procurement Spend	11	50%	R100 spend = R162 to procurement target
2.1.5. B-BBEE Procurement Spend from all Empowering Suppliers that are at least 30% black women owned based on the B-BBEE Procurement Recognition levels as a percentage of Total Measured Procurement Spend	4	12%	R100 spend = R162 to procurement target
BONUS POINTS B-BBEE Procurement Spend from designated group suppliers that are at least 51% Black Owned	2	2%	
R100 Delta spend = R486 toward procurement target			

In other words, for every R100 that you spend with Delta, you receive R486 towards your preferential procurement spend. Delta Health and Safety Equipment gives you PPE with better price, better service, and better BEE!

Our Customers

Our customers are from a wide range of industries, where quality and standards are of importance. These include (amongst others):

Petrochemical

Chemical

Waste Management

Bottling

Explosives

Pharmaceutical

Oil & Gas

Food Production

Medical

Mining

The nature of our customers' work requires comprehensive protection from various hazards and life-threatening scenarios. After many years of experience, we have harnessed our knowledge and combined it with our strong belief in maintaining close co-operative relationships with our clients, to provide our clients with solutions that properly fit each and every business's application.

If you want the assurance that you are getting the best product for the purpose, at a quality that can be trusted, then you want to deal with Delta Health and Safety. We strive to understand your work environment, and to help you meet the correct standards with the PPE we supply.

Our Affiliations

We believe in surrounding ourselves with those who embrace high standards, professionalism, innovation and integrity.

Delta believes in and supports the spirit of B-BBEE. We have achieved **Level 1** accreditation.

B-BBEE is intended to stimulate the process of participation of previously disadvantaged groups in the economy to lead to increased economic growth.

Delta Health & Safety is a member of SAPEMA.

SAPEMA is dedicated to promote the manufacture and distribution of quality items of Personal Protective Equipment that comply with recognised Safety standards.

Delta Health and Safety is a registered and paid up member of SAIOSH. SAIOSH is a registered non-profit organisation (NPO) committed to the prevention and reduction of work place incidents and accidents in South Africa. We are committed to the same values and conduct as SAIOSH.

OUR BRANDS

The suppliers we work are specifically and carefully chosen. They place high value on quality, integrity, and innovation. Many of them own their entire manufacturing process, with full control over the quality of final products. These reputable brands conform to and even exceed minimum standards on PPE. Often, our suppliers are leaders in the creation of newer, better products that exceed existing standards, and form the basis for future standards.

 Respiratory, Eye Wear, Hearing	 Eyewear, Gloves, Respirators
 Gloves and Biodegradable Gloves	 Rebel Safety Gear
 Chemical Suits	 Lockout/tag out, Printer and Tape
 Respiratory Protection	 Safety Showers

OUR PRODUCTS

RESPIRATORY PROTECTION – As specialists in respiratory protection, we offer a

comprehensive range of respiratory protection suitable for all your workplace applications. Our thorough sales process enables us to provide the right products that protect you against dust, mists, vapours and fumes, and other hazards. The range includes disposable respirators, reusable

respirators, powered air respirators and supplied air respirators. We can also provide certified respiratory training on certain brands to your end user.

CHEMICAL PROTECTION - The range includes chemical work wear, chemical flash fire

protection and fully encapsulated suits. We use a highly researched and tested proprietary tool to select the correct level of protection required, while considering contaminants, concentrations, duration and potential exposure.

Products are carefully sourced from leading global manufacturers, who own the manufacturing process from end to end, assuring you of the best quality and reliability in chemical protective clothing.

HAND PROTECTION - Our range of hand protection provides a wide array of features:

biodegradable gloves, cut-resistance, chemical resistance, thermal protection, anti-static, general handling, high-end leather gloves and deli wear. Products are carefully sourced from leading global manufacturers, who own the manufacturing process from end to end, assuring you of the best quality and reliability in hand protection.

SAFETY SHOWERS AND EYEWASH – Emergency decontamination equipment is of vital

importance where hazardous substances are in use. We supply units manufactured to international EN and DIN standards. Options are available from both leading international manufacture and local suppliers assuring you of the best quality and reliability.

FOOTWEAR PROTECTION - Our range of Safety Footwear includes gumboots, safety boots,

safety shoes and speciality footwear such as chemical boots and electrical boots. We also offer a wide range of ladies' safety footwear that is stylish and designed for ladies' feet. We source our Safety Footwear from leading suppliers assuring you of the best quality and reliability.

EYEWEAR PROTECTION - Our range of workplace eye protection includes safety goggles, safety spectacles, and specialised visors for all applications and industries.

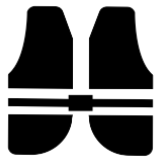

All our protective eyewear complies with international standards, and is stylish, comfortable and durable.

HEARING PROTECTION - Earmuffs and ear plugs, electronic earmuffs or roll down ear plugs:

These are all suitable for a wide range of workplace applications to protect against hearing loss. Fit testing units are available to ensure testing and training of your end users is correctly conducted and implemented. This ensures individuals correctly select and fit their hearing protection.

GENERAL WORKWEAR - A comprehensive range of General Workwear from top clothing

manufacturing brands is available. Our range of General Workwear includes Conti Suits and Overalls, Reflective Wear, Rain Wear, Disposable Coveralls, Freezer Suits, Reflective Wear and Corporate Wear. Maintain your Company Image with Customised Branding, available in various forms of digital printing, transfer printing and embroidery.

HEAD PROTECTION- This range of products include Bump Caps, Hard Hats, and climbing helmets from top local and international manufacturers. Many models are now compatible with earmuffs, spectacles and visors.

FACILITIES SAFETY & IDENTIFICATION - The Lockout and Tagout range caters to all

your facilities requirements: electrical and mechanical lockout, lockout hasps and tags, lockout padlocks and label printers. All your Lockout and Tagout solutions meet international specifications, assuring you of the best quality and reliability.

WELDING PROTECTION - This specialised range provides Welding Protection for eyes, skin and respiratory system, and products includes Welding Shields, Visors, Respirators, Supplied Air and Welding Protective Eyewear. You can be confident in the best quality and reliability with Welding Protection from international suppliers.
